What is FIRST?

FIRST Robotics is a competitive program that challenges teams of students to design, build, and program robots to complete specific tasks. It aims to inspire young people's interest and participation in science and technology through hands-on robotics competitions. FIRST Robotics offers a platform for students to develop technical skills, teamwork, and problem-solving abilities in a supportive and engaging environment.

Who are we?

We are team ____ Alpine Robotics, and we currently consist of dedicated 5 members (middle and high school). As a part of FIRST Robotics, we are encouraged to reach out, explore our community and spread STEM, and we hope that you are willing to help and take this journey along with us.

Sponsorship Tiers

We have 3 tiers of sponsors if you decide to help us achieve our fundraising goal of \$3,000!

\$600 - Bronze

- Your business will be on our shirts and you will be pushed to mainstream media through competitions and livestreams

\$800 - Gold

- Everything in tier 1 + push your company in our outreaches with banners, posters, cards etc.

\$1000+ Platinum

- Everything in tier 2 + put logo on robot.
